IDAHO CRISIS & SUICIDE HOTLINE

Idaho Crisis & Suicide Hotline (ICSH) provides 24/7 free and confidential suicide and behavioral health crisis support. ICSH is committed to ensuring that those they serve are heard and empowered with options to stay safe while supporting their emotional well-being.

IDAHO CRISIS & SUICIDE HOTLINE — ALWAYS HERE AND READY TO LISTEN.

People reaching out to the Hotline are from all walks of life. They are young and old, women and men, rural and urban. Some are veterans, parents, caregivers, sons and daughters, and co-workers. Anyone can experience a crisis or have suicidal feelings during their lifetime.

- Since 2012, the Hotline has received over 95,000 contacts (calls/texts) from individuals.
- Last year the Hotline supported help seekers from every Idaho County.
- The Hotline receives an average of 70 calls/texts a day and over 2000 contacts a month.
- In our history, the youngest caller was 7 years old and the oldest caller was 92. Suicide prevention and crisis intervention is a life span issue.
- A person doesn't have to be suicidal to call. A person can call for themselves or call on behalf of someone they are concerned for.

SUICIDE PREVENTION MURALS IN BOISE. ARTISTS: BOBBY GAYTAN & SECTOR SEVENTEEN
